

the state of the environment in the south west: actions on rivers, run-off and flooding

Tuesday 13th June, 16.00 - 19.30

University of West of England, Frenchay Campus, Bristol
Lecture Theatre 2B025, B Block

2006 sees the publication of an update on *The State of the Environment in the South West*. We are marking this with a regional meeting to present the current position and discuss two key regional issues - Improving the health of our rivers and Reducing flood risk. Particular emphasis will be given to how science is contributing to our understanding of these issues, the state of the environment and its management. Copies of *The State of the Environment in the South West* report will be available on the 13th.

- Chair: Dr Mervyn Bramley OBE, FRSA, Engineer and Environmentalist
- Welcome: Prof Jim Longhurst, Associate Dean, UWE Faculty of Applied Sciences
- Presentations: Alistair Gordon, South West Observatory/Environment Agency, Dr Julian Dennis, Director of Compliance & Sustainability, Wessex Water Richard Smith, Principal Land Quality Officer, and Richard Horrocks, Regional Flood Risk Manager, Environment Agency South West Region, Nick Holden, Science Manager, Monitoring Techniques, EA Science Group
- Panel Discussion: With representatives from Environment Agency and UWE

The event will start with Tea & Coffee at 16.00 and will be followed by a reception with locally sourced refreshments and a viewing of exhibits in the foyer until 19.30.

Exhibitors: South West Observatory, Faculty of Applied Sciences - UWE, Environment Agency Science Group, Environment Agency South West Region, Wessex Water.

Admission: **£10 per person** (please use the following booking form) or Phone Laura Collier on 0117 328 3313 or Send an email: laura2.collier@uwe.ac.uk
